John Fitzgerald "Jack" Kennedy (May 29, 1917 – November 22, 1963), often referred to by his initials JFK, was an American politician who served as the 35th president of the United States from January 1961 until his assassination in November 1963. He served at the height of the Cold War, and the majority of his presidency dealt with managing relations with the Soviet Union.

In the early 1960s, the fundamental prize sought by the civil rights movement was something that African Americans had never known: full legal equality. When John F. Kennedy became president in 1961, African Americans throughout much of the South were denied the right to vote, barred from public ...

One of the more outlandish conspiracy theories holds that Stanley Kubrick was killed by the Illuminati for revealing too much about the secret society in his final film *Eyes Wide Shut*. While the official cause of death was listed as cardiac arrest (certainly not shocking for a 70 year-old man), some conspiracists point to the preponderance of Illuminati symbolism in his films, his clean bill of ...

The brainlessness and hypocrisy of television has long been a source of fun and social commentary in punk rock—from Black Flag's "TV Party" ("I don't even bother to use my brain anymore") to the Dead Kennedys' "M.T.V. -Get Off the Air" ("... feeding you endless doses / of sugar-coated mindless garbage"). It's fitting then that one of the seminal moments in punk ...
