Colored lights pulsate on you and in the space around you with a balanced response to the different audio tones in the music: red for the low frequencies, yellow for low-mid frequencies, green for the hi-mid frequencies, and blue for the high frequencies.. These primary colors blend to produce all the colors of the natural rainbow. The electromagnetic vibrations of color (just like sound ...

Shamanism. Transcendent Peace from Below. There is a difference between religion and spirituality: Spirituality is hard. It is man's curse and salvation to resolve the question of existence - to perimeter the vast, endless nature of consciousness - and free ourselves from ourselves. As far back as genetic memory spans we've strived to comprehend the universe and how we fit into it.
