

## *Popular Tyranny Sovereignty And Its Discontents In Ancient Greece*

### **Popular Tyranny Sovereignty And Its**

Popular democracy is a notion of direct democracy based on referendums and other devices of empowerment and concretization of popular will. The concept evolved out of the political philosophy of Populism, as a fully democratic version of this popular empowerment ideology, but since it has become independent of it, and some even discuss if they are antagonistic or unrelated now ( ).

A tyrant (from Ancient Greek τύραννος, *túrannos*), in the modern English-language usage of the word, is an absolute ruler unrestrained by law, or one who has usurped legitimate sovereignty. Often portrayed as cruel, tyrants may defend their position by oppressive means. The original Greek term, however, merely meant an authoritarian sovereign without reference to character, bearing no ...

Constitution, the body of doctrines and practices that form the fundamental organizing principle of a political state. In some cases, such as the United States, the constitution is a specific written document; in others, such as the United Kingdom, it is a collection of documents, statutes, and traditional practices that are generally accepted as governing political matters.
