A Beautiful Mind is a 2001 biographical drama film directed by Ron Howard. Based on the life of economist and mathematician John Forbes Nash Jr, the film was largely inspired by the bestselling unauthorized biography of the same name.

A Beautiful Mind - The movie

A Beautiful Mind was criticized by some viewers for glossing over some of the darker elements of Nash's life story, including the facts that Nash fathered a child with a different woman before marrying Alicia and that he was arrested in 1954 for indecent exposure. The mathematician's symptoms in fact did not begin until 1959, after he had written his dissertation.
