From The Wilderness Publications has been as much as a year ahead of the mainstream media on major stories. Now, as the world is undergoing one of the biggest changes in human history we find that attitudes and positions we have been writing about for four years like the dependence of the global economy and financial markets on laundered drug money are finding their way into mainstream press ...

The Industrial Revolution, now also known as the First Industrial Revolution, was the transition to new manufacturing processes in Europe and the US, in the period from about 1760 to sometime between 1820 and 1840. This transition included going from hand production methods to machines, new chemical manufacturing and iron production processes, the increasing use of steam power and water power ...
