If you're planning to start with a small flock, start with at least three chickens. They like to be active, and they require space. They prefer space to roam, rather than confinement, although sometimes they need to be confined. Other times, foraging in your garden is best. If you have more space, perhaps you want [...]

Temperament. Komondors can be good family dogs if they have owners who know how to display a natural, firm authority over the dog, are socialized, trained thoroughly, and are raised with children from the start, but they are not recommended for most families. Komondors are serious working flock guardians bred to be fiercely protective and confident, as they watch over their charges.
